SECTION IV - Inland Barge Traffic

There is no inland barge traffic.

SECTION V - Water Supply

1. The source of supply for (a) the district and (b) shipping, is from the Millom Town's supply, which is chlorinated.
2. During the year 35 bacteriological examinations were made of water from this supply, all but three were satisfactory.
3. Hydrants and hosepipes are frequently flushed through.
4. There are no water boats.

SECTION VI - Public Health (Ships) Regulations, 1952.

1. The Epidemiological Record of the World Health Organisation is received weekly and filed for reference. As the boats arriving at Millom Port are only cargo and coastal, no list of infected areas is prepared.
2. There is no radio station at the port.
3. Notifications of ships entering the port are received by post.
4. There are four mooring stations at the pier.

5. (a) Infectious diseases would be accommodated at the West Cumberland Hospital, Hensingham, Whitehaven.
- (b) Contacts would be followed up by the Medical Officer of Health.
- (c) Cleansing and disinfection of ships, persons, clothing and other articles would be carried out by the Public Health Department of this Authority.

SECTION VII - Smallpox

1. Smallpox cases would be sent to the Langley Park Hospital, Co. Durham. In the event of an outbreak occurring, Longtown Hospital would be called into action.
2. The Cumberland County Council is responsible for the ambulance which would come from the hospital involved. The ambulance crew have all been vaccinated and the matter is kept under review.
3. Smallpox consultant available:

Dr. D.G. Davies, Pathology Laboratory, Cumberland Infirmary, CARLISLE, Cumberland. Tel: CARLISLE 23444.

4. Facilities for laboratory diagnosis of smallpox are available at the Pathological Laboratory, Cumberland Infirmary, CARLISLE.

SECTION VIII - Venereal Disease

Venereal disease would be treated at centres in Whitehaven or Barrow-In-Furness. Days and times of clinics are as follows :-

Devonshire Road I.D. Hospital,	Mondays	1830 hours (Male & Female)
Barrow-In-Furness.	Wednesdays	1030 hours (Male)
	Wednesdays	1400 hours (Female)

(Emergencies seen at any time provided that they have a doctor's note).

West Cumberland Hospital. Monday afternoons.

This information is posted up at the dock.

Any case requiring in-patient treatment would be admitted to the West Cumberland Hospital.

SECTION IX - Cases of Notifiable and other Infectious Diseases on Ships

NIL

SECTION X - Observations on the Occurrence of Malaria in Ships

There were no cases of malaria.

SECTION XI - Measures taken against ships infected with or Suspected for Plague.

There were no ships infected with or suspected for plague.

SECTION XII - Measures against Rodents in ships from Foreign Ports.

1. All ships from foreign ports are inspected by the Medical Officer of Health and/or the Chief Public Health Inspector.
2. Bacteriological and pathological examination of rodents would be carried out at the Cumberland Pathological Laboratory, CARLISLE.
3. Any ship requiring deratting would be dealt with by the Port Health Authority, Barrow in Furness, which is the nearest approved port.
4. As no food is imported and there are no warehouses at the dock, further rat-proofing is not considered necessary.

TABLE E
